Mrs. La Marsh

of Medicine Hat will be in **BOW ISLAND**
on

Wednesday Afternoon next

with a good selection of

Ladies' and Childrens' Millinery
All New Goods Reasonably Priced.

Wednesday Afternoon Oct. 5th.
in **Mr. Hobson's Store**

Police Court News

Stewart Arthur of Pleasant View District appeared at Medicine Hat on Thursday the 22nd, inst. before his Worship Judge McCarthy and a jury charged with shop breaking and theft of goods from the Pleasant View store on the night of July 28th. last, the jury after being out an hour brought in a verdict of not guilty.

A Farmer named Hannigan from Nemiskam District was at Medicine Hat on Wednesday the 21st, and found not guilty on a charge of stealing wheat, which had been seized by a Sheriff's Officer last fall, this was also a jury case.

Charles Henderson of Schuler, Alta. was found not guilty on Saturday September 24th, by his Lordship Judge McCarthy on a charge of Rape, this case occupied all an hour day up to 9:30 p.m.

Police Court News

A couple of cases under the Inland Revenue Act, which were to have been disposed of at the sitting of the Supreme Court at Medicine Hat, were left for the District Court the accused in both cases being elected for speedy trial before a District Court Judge.

Constable Bradner attended the sitting of the Supreme Court at Medicine Hat, from the 19th, to the 24th, inst.

**Land Sold Under the
Tax Recovery Act**

Take notice that the following land has been sold by the Town of Bow Island on account of nonpayment of taxes, and the year allowed for redemption will expire on the eleventh day of December, 1921.

Lot 18 Block 8 Plan 5800 S Bow Island. If you wish to contest the legality of the sale of such lands you should immediately make application to the judge of the District Court of the Judicial District within which the land is situated, for an order staying the issue of a certificate of title to the purchaser of such lands.

Dated this 28th. day of September 1921 at Bow Island, Alberta.

W.A. Bateman

Secretary-Treasurer

St. Michael's Church

Mass will be celebrated at 9:30 a.m. on Sunday October the 2nd.

A BAZAAR

A Bazaar will be held in St. Michael's Parish Hall on Saturday October the 8th.

A variety of Useful and Fancy Articles will be on Sale commencing at 3 p.m. Supper served at 5:30 p.m. Admission to Supper 50 cents.

The Anglican Church held Services last Sunday there was Morning Service, Sunday School and Baptism in the afternoon, and also Evening Service, all were well attended. Mrs. E. Anderson gave a beautiful rendering at the Evening Service of the Hymn "Crossing the Bar".

**One Injured
in Auto Smash-up**

Last Thursday Sept. 22nd. Mr. R.S. Beattie of Bow Island, in company with Mr. J. Davidson, while returning from Leithbridge, met with a rather painful accident while motoring near Chin. It appears that they were riding along at the usual speed in the early hours of the morning and Mr. Beattie says he must have fallen asleep and the car ran off the grade and threw them out and Mr. Beattie sustained injuries. Mr. Beattie was taken to Chin and first aid was rendered and as he was too ill to be brought to Bow Island they took him to Taber and he then took the first train to Medicine Hat to ascertain the extent of his injuries. The car was damaged quite a lot and will be out of commission for some time. Mr. Davidson was not injured, receiving a severe shaking up was all. Mr. R. S. Beattie returned from Medicine Hat Hospital last Tuesday night he is still lame.

**Public Outcry
against Janney's
Treatment**

Captain Janney was charged with passing a worthless cheque (which has not been proved) and the persons who brought the charge latter withdrew it, and instead of letting him out as a free man, instructions have been given that Captain Janney should find \$100 Bail before he would be let out and that latter the date would be set for his trial. Why try him when his accusers withdraw?

And Janney says "that means trying to make up a case against him" and so he has gone on his hunger strike again.

Captain Janney gave his evidence in Court against the Jail Officials most courageous and fearlessly although nearly a dying man, while the Jail officials, who should have been compelled to come to the open Public Court, they were privately interviewed by the magistrate in the Jail.

Did you ever hear of such a thing — a magistrate to go to them, when they should have been made to march to the Court House at the order of the magistrate?

This kind of thing does not look good to Liberty loving people and upholders of Fair-Play and British Justice for all; it has a strong resemblance to a Farce.

We maintain that if Captain Janney's accusers dropped their case against him, then Captain Janney should be a "Free man."

Captain Janney in his evidence stated that while waiting his trial that the Jail officials would not let him communicate with outside people that he was placed in a cell 4 1/2 by 9ft. which also had a foul odor, no exercise for 10 days, made in six between colored men and Chinamen given tainted meat and black potatoes, dead flies in his food, no sugar allowed, and obscene language used to him and as a protest to this Unfair and Unchristian and Cowardly treatment, he went on a Hunger strike and he was starving five weeks before they fetched in the prison.

And remember he was only an Accused man, he might have been found innocent if tried. And let us Taxpayers paying our good money to uphold such a case? we thought when we voted for a Farmers' Government at this last Provincial Election that all such old "Charist methods" were to be swept

away for a least many years to come.

Farmers! Farmers! make your mighty Power felt and against such things as these march with triumphant shouts under the unfurled "Banner of Equity."

Give "Equity" to all men as you hope for "Equity" for yourselves, your Wives and Children.

Just think if one of your own boys were in poor Janney's place what would you not dare to do?

And cannot you do something for Janney? Is he getting "Equity"?

Or is somebody trying to make them selves "a very Big Somebody"? A Tyrant, a Counterfeit East.

Remember Janney's accusers withdrew, so Janney should be a Free man.

Difference in so called Law

If you remember reading about that Second, the Millionaire with political pull and how the Law, was changed after he was charged with "Subornation of Perjury" and notice the difference in poor Janney's case.

How does it make a white man feel he would ever like to get "Lousy"?

Great praise is due to Messrs. Virtue and Walsh, Baristers of Leithbridge for taking up Janney's "Case" and doing their best to defend him but they need "Strong Public support" to give power to their hand.

**Sad and Sudden
Death at Maleb**

Last Friday the sudden death occurred of Mr. James Stephen, a well known and highly respected farmer of the Maleb district for the last 10 years.

He was out threshing on Thursday and Friday morning he went out to work again, returning apparently in great pain, and fell on the floor, but never spoke a word and he died before Dr. Cairns who had been sent for could be brought out to him, it is reported that death was due to Bursitis, causing internal hemorrhage, the deceased leaves a wife and four children: 1. murray his son, two daughters and two sons, a daughter and son of whom are married.

The funeral took place on Tuesday from the Anglican Church, many of his neighbours and friends, coming from Maleb to attend the funeral, also many friends living in Bow Island attended. The Rev. Lawcroft conducted the service.

Some of the citizens of Bow Island kindly loaned their cars for the use of many of the people who wished to follow to the graveyard.

Terrific Explosion Wrecks Chemical Plant At Oppau, Germany

Marengo.—A great explosion at the chemical products plant of the Badische Anilin- und Soda-Fabrik Company at Oppau, on the Rhine, wrecked the town and spread death and destruction on every hand. The number killed is variously estimated at from 1,000 to 1,500, and the injured close to two thousand. One report says that there were 2,000 men on the spot at the moment of the explosion and it is believed that about half of these were killed.

The town of Oppau is a scene of utter desolation, more than a third of the houses having been completely demolished, while the roofs of the others were swept off as if by a whirlwind. Here also many were killed or injured.

The explosion is attributed by some to excess pressure in gasoline tanks, the whole of this part of the works being literally pulverized. Where the gasometers stood is now a funnel-shaped hole 130 yards wide and 45 yards deep, while twisted girders and debris of every description lie scattered about. For a distance of several hundred yards not a wall is left standing.

The directors of the company is quoted as saying that the explosion occurred in a storehouse containing four thousand tons of nitrous anhydride, which had previously been examined and was believed to be free from danger of explosion. All the workmen standing in the area were razed to the ground. At Mannheim, on the opposite side of the river, 35 persons were seriously injured and two hundred or more suffered minor injuries. Ludwigshafen reports say that three workmen's trains were buried under the wreckage, and many children on their way to school in that town were killed.

Marengo.—A late statement issued by the management of the Oppau factory says that the explosion occurred in a reservoir containing 290 tons of ammonium sulphate. It adds that all necessary precautions had been taken during the process of manufacture and storing the product, so that an explosion appeared impossible.

Russian Scouts Ask For Famine Aid

Send Appeal For Starving Children to Canadian Scouts.

Chita.—The Russian boy scouts are sending a message to the Canadian scouts appealing to them to organize famine aid. Many children have been sent here from the Volga country this month. They are appalled among private families as the Chita Government is not able to provide for them owing to its lack of funds.

The children coming from the interior of Russia brought a little food with them. An analysis of the food shows that it was made of a mixture of sorrel, grass and a trace of bean.

According to reports received here in the ten governments in the valley of the Volga there are 90,000,000 persons starving.

Food Is Cheaper In England

Shopkeepers Also lowering Prices of Dry Goods.

London.—While the general tendency of retail prices in England is downward, complaint has been made that the licensed victuallers are now charging more for beer and whiskey although the cost of brewing materials has decreased. Shopkeepers are generally lowering their prices of food-stuffs and dry goods in consequence of the enormous drop in current wholesale quotations.

In many cases this means a sacrifice of profit on the retailers' part, but it is pointed out that, many of the retailers who are most reluctant now were among the first to mark up their existing stocks when prices were rising.

Liner Teutonic Sailed

London.—The Teutonic, the big 30 star liner, which for upwards of 20 years was engaged on Atlantic passenger service, has been sold to a Dutch firm and is being taken to Rotterdam to be broken up.

Warns Irish Taxpayers

Belfast.—Irish Republican authorities have warned the people of some of the districts of Ireland to refuse to pay income taxes to British collectors until the Dail Eireann has reached a decision on that subject.

British Government Charges Soviet With Breach of Faith

London.—The British Government has despatched a strongly-worded note to Moscow calling the attention of the Soviet Government to alleged breaches of faith involved in the purchase by the Russians throughout Central Asia and Afghanistan of a campaign of intrigues hostile to Great Britain. An explanation is demanded.

The note details fully all the hostile acts complained of. Most of them were in Afghanistan.

The note, which was written by the foreign minister, Earl Curzon, details a number of flagrant violations of Russia's undertaking under the trade agreement with Great Britain to cease anti-British propaganda and particularly enumerates the activities of the Third Internationale of Moscow in India and Afghanistan, noting in substantiation thereof a statement by M. Stalin, president of the Soviet Union, at the Third International Congress of the Eastern Secretariat to devote itself to undermining the external power of England and France.

The gravest charge pertains to the Russo-Afghan treaty and M. Chitchev's insistence upon a clause in this treaty providing for the opening of consulates in Eastern Afghanistan. Lord Curzon says the Government possesses indisputable evidence that these treaties are regarded by the Soviet Government as prospective centers of propaganda and also has evidence of the activities of Lenin, Pasha sent to Afghanistan by the Soviet to provide the hostile propaganda. The British foreign secretary asks for definite assurance that these activities, constituting breaches of the trade agreement, shall cease.

The note declares that the Soviet used every persuasion to prevent the Anglo Government from arriving at a peaceful solution with the Russian powers and assembled considerable forces on the borders of Anatolia, suggesting they should be sent into Anatolia for the support of the Kemalists.

Five Days On Wreck

Fisherman Rescues Woman, Sole Survivor of Ship.

St. Vincent, Windward Island.—A man passenger was the sole survivor of the ship *Corinthian*, wrecked while bound from St. Lucia to Grenada. The ship encountered a terrific storm September 8 and was damaged. The woman remained clinging to the hull after all the others had been swept away. Dripping with high seas, the vessel finally struck on a reef on the Grenadines, and after five days in her perilous position the woman was observed by a fisherman, who rescued her.

Advices Against Appeal for Sympathy

London.—The Yorkshire Post, discussing the visit to Canada and the United States by Sheffield steel makers who went there to urge reductions in tariff, says that no national industry will survive in competition with another country and that business men must find other means than appealing to foreign sympathy to preserve their trade.

WESTERN EDITORS

W. G. Pickett, Publisher of the Outlook Standard and Langruth Herald.

Veterans May Organize Legion

Organization Would Mean a Unity of All Members.

Toronto.—The Canadian Legion of Veterans which is designed to form a medium through which all Canadian ex-service men and women may unite as members of one veteran's organization becomes a definite reality as a result of action taken at a recent meeting of the provisional committee, voted to proceed with the organization of the legion, they at the same time stipulated that such organization should constitute only a holding body "until such time as amalgamation becomes an accepted fact."

Fire Destroys Lumber Stocks

Loss of Ontario Company Will Be Heavy.

Parr Sound, Ont.—Fire destroyed the mill and lumber stocks of the Ontario Lumber Company, as well as a large number of boats, canoes and bathhouses, along the waterfront. For a time the town itself was threatened with destruction, but the wind that blew from the southeast saved the fire fighters. Besides the mill and machinery, the loss includes six million feet of lumber, four million pieces of lath, planis and other products, as well as barns, stables, dwellings, tramway and railway yard. The extent of the loss, which has not yet been estimated, is partly covered by insurance. About eighty men will be thrown out of employment.

Lawlessness In India Continues

London.—A Renter despatch from Madras, India, says raiding and wholesale looting is still prevalent in parts of the Malabar district and houses of rebels are terrorizing the countryside.

French Considering Disarmament Question

Paris.—The tentative agenda of the approaching conference at Washington on armaments and the Far Eastern matters has been received at the French Foreign Office. It is understood to meet with the French Government's approval, except the clause containing the limitation of land armaments.

Premier Briand personally is studying this clause and has asked the advice of Marshals Foch and Poincaré before making suggestions regarding modifications.

Great White Chief Will Respect Treaty

New York.—Chief Wash-Ka-Lah, of the Cayuga Indians, has returned on the Olympic from London after a pilgrimage to the foot of the throne in the interests of his tribe.

The chief laid before King George V. the treaty made with the Indians in the reign of King George III, and the sanguinary details confirmed it. He declares that he won his case before the great white chief and announced the treaty will be respected.

Canadian Loan To China

Agreement Recently Signed Has Raised Important Issues.

London.—The Times correspondent at Peking says that important issues have been raised in the agreement recently signed at Peking by which a Canadian banking syndicate will lend the Republic of China \$20,000,000 gold against one-year bonds, secured on various enterprises. It is noted that the discount and interest give a return to the Canadian investors of a rate exceeding 20 per cent, per annum. The correspondent says that the transaction seems to be in order except that the concession of the power to form a company to regulate the question of a loan to China has not been consulted and that the loan is a direct action of the British Government's policy in China.

It is pointed out, however, that the Canadian Government is not a party to the convention signed by the United States, Great Britain, United States, France and Japan, and may feel under an obligation to observe its terms. Nevertheless, Jordan parties to the convention will naturally take the view, says the correspondent, that if it is very serious, the agreement with the British Government will be subservient to one policy with the right and totally different policy with the left. The correspondent agrees that if all parties to it do likewise.

Disorders In Vienna

Crowd Incensed At Profiteering In Foreign Exchange Values.

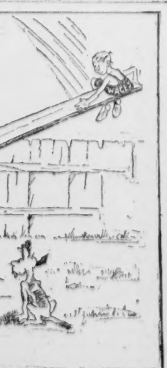

Vienna.—Serious disorders occurred in this city following the closing of the bourse. Many rushes were made upon the entrances to the building, but these were checked by the police. The crowds then wrecked the shops of several money changers in the vicinity, while a few men suspected of speculating in foreign exchange were dragged from their automobiles and beaten.

Impromptu mass meetings were addressed by speakers who declared the bourse would be closed permanently if profiteering in foreign exchange values did not cease.

German Plan For Raising Funds

Reparations Commission Approves Idea of Credit Organization.

Berlin.—The German Reparations Commission which is dealing with the problem of raising funds for future German indemnity payments, has approved a plan looking to the creation of a collective credit organization, embracing all industrial banks and railway owners on the principle of limited liabilities. The plan contemplates the raising of funds by each member of a fixed proportion of its holdings in return for which certain percentages of taxation would be granted.

Declare Unemployment Is Now Great Britain's Big National Problem

Plan To Reclaim Lands In B. C.

Would Bring About Thirty Thousand Acres Under Cultivation.

Recently their report in the press a despatch from Victoria, B.C., stating that at a joint conference of the drainage officials of the State of Idaho and the province of British Columbia, an agreement had been entered into which would assure fish-investigation and the reclamation of 69,000 acres of land in the Kootenay River Valley, approximately half of which are now in the hands of the other half in British Columbia.

Looking solely at the 30,000 acres on the Canadian side of the boundary line, to the average private deeded the bringing of this area—less than 20 sections—under cultivation is a matter of hardly more than passing interest. In many parts of the west the swamping of such a project now days would get scant attention except for local publicity purposes.

In British Columbia, however, where traces of continuous agricultural land of outstanding fertility are very scarce, the swamping, and the risk, the probability of ultimately bringing such an area under cultivation is of great importance. In the case of the swamping, in some measure due to the fact that the reclaimed lands are located in the very heart of the country, rather than in the agricultural portions of the south, this overflooded territory can produce in many ways of great value.

The cause of this annual overflow of the area is simply a matter of too large an intake of water and too small an outlet for the spring floods. The Kootenay River, with its tributaries, draining the whole of the western slope of the Rocky Mountains in B.C. and the British ranges, after a bold sweep southward, running into the United States as far as Bonanza Ferry, Idaho, then turns northward and flows again to B.C. and Kootenay Lake. At the same time the Lario River, which flows into the lake at the "other end and the combined volume of water passes out toward the centre of the lake by a passage called the West Arm. Like the downward stroke of a gigantic T, past Nelson and Bonington Falls to join the Columbia River.

The reclamation has solely to do with the enlarging of the lake's outlet. A preliminary survey was made by Engineer Stirling, who in his findings reported favorably on the project but asked for a more thorough examination of the whole project before making a final decision. With the outbreak of the war the next year the scheme was, for the time being, abandoned. American engineers have also spent two seasons on the work and their report made public two years ago, when the Soviet Government of the work being proceeded with, the estimated cost being a little over \$2,000,000.

The land is in the order of about 200,000 acres of B.C. interior already supplied with railway communication by the C.P.R. line, has good high ways, educational facilities and every modern convenience, so that the province would be at no expense in providing them. The bench lands surrounding this to-be-reclaimed area is one of the finest fruit areas in all B.C. The climate is ideal.

The entire area in B.C. is government-owned land, and the Board of Trade at Creston which for years has been urging its reclamation, expects the provincial lands department to be the lands are drained—to do no farther than secure farms to lease for farmers or settlers, at a price that will just nicely offset to meet the full cost of draining the area. As to the cost of the work it has been agreed that the U.S. and British Columbia interests will pay pro rata on the basis of acres reclaimed.

Will Not Visit Canada.

London.—There is no question as to the Prince of Wales visiting Canada, on his return journey from his tour of India as he will follow the same route home as on his outward voyage, namely, via the Bore Canal.

Canadian Navy In N.B.

St. John, N.B.—The cruises *Albatross*, *Patriot* and *Patricia*, and submarines *CH-15* and *CH-16*, members of His Majesty's Canadian Navy, arrived in this port from Halifax and docked at Sand Point, West St. John.

London. A manifesto just issued by the Labor party declares that the unemployment situation is a national problem and requires a national policy.

The Government's scheme of placing the main portion of the burden on local authorities, says the manifesto, is unjust, inadequate and infeasible, and must be abandoned in favor of much more generous assistance. It is not provided for the unemployed, then provides for their maintenance must be made through adequate unemployment insurance benefits.

The suggestion is also made that the Government should place orders for cheap foodstuffs for which there is a demand, at prices to be agreed upon after examination of the goods. It contends also that employers cannot expect to receive normal profits and that prices should cover the bare costs of production. The manifesto further proposes that the Government should export wool, textiles and agricultural machinery to needy European countries on credit. It also suggests that the Government should take steps to encourage investment, and local authorities, manufacturers, traders, bankers and agriculturalists should be encouraged. "The Prime Minister," it says, "if we are not to give up the problem."

Delighted With Canadian Tour

Sir John Simon Enthusiastic Over People of British Isles.

London.—Sir John Simon on returning to England after his visit to Canada expressed himself to the Canadian Press representative as fully satisfied with the Dominion of Canada and her people. His stay across the Atlantic had been delightful.

Sir John begged to be excused, however, when asked as to his views concerning the Canadian attitude toward the Empire. He said he was glad to see the attitude of the British Empire in Canada. He said he did not feel disposed to deal with this subject. It was the impression on his return from Canada last year, Lord Cave of the Court of Appeal, gave an extensive account of the impression of the matter of Dominion appeals to the Privy Council and much lively discussion was thereby provoked.

Cannot Get Rid Of Extremists

Soviet Will Not Receive Undesirable Russians From U.S.

Washington.—More than 100 Russian refugees are a thorn in the United States under whose auspices covered by \$80,000 in Liberty bonds deposited with the Secretary of Labor. The refugees are of the matter of the Soviet Government to accept them. It has been impossible to deport them, efforts of the U.S. Government to get rid of them. The Soviet Government to open its borders to receive these extremists as well as to receive about 100,000 undesirable Russians, as far have been futile.

Reach Salisbury Beach.

Salisbury Beach, Mass.—J. H. Smith, of Halifax, N.S., and Arthur Stephens, of St. John, N.B., in their 16-foot open boat left in here after being buffeted in a heavy sea off shore on their voyage from Halifax to Vancouver via the Panama Canal. They entered their trip July 25 last.

Hostilities Broken Out.

Geneva.—Announcement that hostilities between Latvia and Lithuania have broken out has started the assembly of the League of Nations in session here, and there is a disposition on the part of many of the more prominent leaders to bring the situation before the assembly at the earliest possible moment.

Republic In Hungary Denied.

Budapest.—Austrian reports that Hungary has refused to accept a republic in West Hungary and that the Hungarian Government has ordered the mobilization of troops and are sent to the Hungarian assembly.

Toronto Man Catches Largest Trout.

Port Arthur, Ont.—W. H. Brown, of Toronto, caught a 100 lb. trout in the Niagara River this season. The fish weighed seven pounds.

Spent your money at home, there by helping your own town and local merchants.

FORESTRY LETTER

"Spare O Spare
The Trees"Why the Prairies are
Treeless

It is impossible to say what the exact
causes are which operating for
centuries, have produced this result.
Lack of trees on the prairie? But it
is generally thought by those who have
given some attention to the subject,
that a large part of what is now
prairie was not originally so. In fact
there is direct evidence to show that
at least some districts which are now
treeless were originally well timbered.
Undoubtedly the chief agency which
little by little has caused the prairie
to encroach on the timbered areas is
the frequently recurring prairie fire.
It is well known to those familiar with
the country that, if fires are kept out
of a district for a number of years,
small bluffs of poplars spring up all
around the bluffs, and these, in turn,
which if not disturbed, gradually ex-
tend till eventually a formerly treeless
district becomes well timbered. From
this it would seem that had not fires
been so prevalent in the past, the
timbered areas would be much more
extensive than they are at present.
The fact still remains, however, that
there are immense tracks of land ab-
solutely treeless which can only be
utilized to their fullest advantage
after a certain measure of protection
is afforded by the presence of belts or
plantations of trees—Norman H. Ross,
Dominion Forest Nursery Station,
Indian Head, Sask.

Forest Fires Burn the
Future

Every good citizen should know what
forests mean to Canada, to the future
and to his very home; and that every
fire that burns in the forest is a de-
votion to the progress of civilization.
Every boy and girl should have instil-
led into their minds the untold damage
that may result from carelessness
with fire in the woods. In destroying
the forest we are not only damaging
the present, but are literally burning
up the future.

Police Court News

Walter G. Peck, son of John W.
Peck millionaire Chicago, Manitoba
son, of Montreal, was at Medicine
Hat on Saturday the 24th. inst. found
not guilty by his Lordship Judge Mc-
Carthy on a charge of obtaining
money under false pretences.
His Lordship stated that this was a
civil case, and criticized the methods
in trying to collect same through the
Criminal Court.

R.L. Koenig of Jenner, Alberta, was
at Medicine Hat on Thursday the 22nd,
sentenced to six months hard labour
in Lethbridge Jail by Judge McCarthy
for Indecent Assault on a girl under

TAX NOTICE

Notice is hereby given that certain lands have been Sold
under the Tax Recovery Act by the

Municipal District of Forty Mile No. 64
and the year allowed for redemption will expire on the

Fourth Day of December 1921

and the list of such lands can be seen in the
Alberta Gazette of September 15th, 1921

Dated this 26th. day of September 1921

T. A. REYNAR, Secretary-Treasurer
Municipal District of Forty Mile No. 64

Bow Island

We are all glad to see Mrs. Peever
out again after another illness and
trust she will keep her health this
time.

Mr. J. Pallitt is resigning his position
as Secretary-Treasurer of the
School Board this week.

Mr. Boach was a visitor to Grassy
Lake last Tuesday.

Last Monday Mr. Almon Nansen
had the misfortune to lose a calf,
while the cattle were round the well
having water, one of them hit the
calf with its horn which threw it
down the well, this well is 45 feet deep
and has 15 feet of water in it.

Mr. Bart Nevers kindly came with a
team and some helpers next morning
Tuesday and helped Mr. Nansen haul
the calf out of the well, but the calf
was quite dead.

NOTICE

U.F.A. and U.F.W.A.
Pres. L.D. James. Pres. Mrs. J.D. James
Sec. G. Mounds. Sec. Mrs. G. Calder
Will meet on Saturday
October 8th.

Frank Key went north last Monday
with his threshing outfit and expects
to be away for a few days.

Mr. Bruce of Creston, B.C. late of
Bow Island, was at Medicine Hat last
week and part of this week, engaged
in taking out the machinery from the
old Brick Plant there, the machinery
is being taken to Medicine Hat for use
on the irrigation dam by the contractors.
Mr. Bruce is working on the con-
struction of the dam and expects to
work all winter.

INSIST ON GETTING THE BEST

The Carload of "Our Best Flour" is moving out rapidly,
in spite of the fact that a competitor has circulated a
report to the effect that this brand is of the same grade
as Glenora and other Cheaper Grades.

DON'T BE FOOLED BY ANY SUCH REPORTS

By actual test "Our Best Flour" leads all other brands
in Quality, and Every Sack is Guaranteed.

A Trial Will Convince The Most Skeptical.

To avoid regret,
